

## Shout Postcard Now Available on Facebook's(C) Web Social Network of Over 65 Million Users

### Facebook users can now post multimedia postcards on Facebook directly from their smart phones

LINDON, Utah, Feb 21, 2008 /PRNewswire via COMTEX News Network/ -- Me Inc., a wholly owned subsidiary of The SCO Group (Pink Sheets: SCOXQ) and a leading provider of mobile software technology and services, today announced the availability of Shout Postcard for Facebook's popular social network of over 65 million users, effective immediately. Shout Postcard allows Facebook users to add photos enriched with text and audio to their Facebook profiles directly from their mobile smart phones. The Shout Postcard application also allows users to add audio and text to photos that have been previously loaded to other Facebook applications.

"Integration of the Shout Postcard technology with Facebook enriches users' experiences on Facebook pages" said Shaun Cutler, Director, Me Inc. "Facebook is all about social interaction and Shout Postcard creates a multimedia interactive experience for Facebook users that is unprecedented."

Mobile devices compatible with the Shout Postcards application include Blackberry's Curve(TM) and Pearl(TM), as well as Palm's Treo(TM) and Centro(TM).

Shout Postcard is a multimedia tool that provides mobile phone users with the ability to capture and share life's moments on-the-go with pictures, audio and text combined into a template-driven postcard. Shout Postcard can currently be downloaded free of charge at <http://www.shoutpostcard.com>. Facebook users can click on the following link to add the Shout Postcard player to their Facebook profiles and begin adding voice and text to new or existing photos: <http://apps.facebook.com/shoutcard>. More information about Shout Postcard integration with Facebook can be found at <http://apps.facebook.com/shoutcard/about>

Facebook is a leading web social network that helps people to communicate more efficiently with their friends, family and coworkers. With over 65 million active users and more than 250,000 added daily, Facebook provides an unprecedented level of exposure to the Shout Postcard technology.
